## INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and  
Members of the Township Council  
Township of Sparta  
Sparta, NJ 07871

### **Report on the Financial Statements**

#### ***Adverse Opinion on U.S. Generally Accepted Accounting Principles***

We have audited the accompanying balance sheets – regulatory basis of the various funds and account group of the Township of Sparta in the County of Sussex, as of December 31, 2021 and 2020, the related statements of operations and changes in fund balance – regulatory basis for the years then ended, and the related statements of revenues -regulatory basis and the statements of expenditures – regulatory basis of the various funds for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the accompanying financial statements referred to above do not present fairly the financial position of each fund of the Township of Sparta as of December 31, 2021 and 2020, or changes in financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") and Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Township of Sparta, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse audit opinion.

Honorable Mayor and  
Members of the Township Council  
Page 2.

As described in Note 1 of the financial statements, the financial statements are prepared by the Township of Sparta on the basis of the financial reporting provisions prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

#### ***Basis for Qualified Opinion on Regulatory Basis Accounting Principles***

As described in Note 14 of the financial statement, the Township participates in a Length of Service Award Program for its volunteer fire and rescue personnel. The amount reflected in the trust fund statements of \$397,689.74 and \$335,227.78 for 2021 and 2020, respectively, were not audited and, therefore, we express no opinion on the LOSAP program.

#### ***Qualified Opinion on Regulatory Basis of Accounting***

In our opinion, except for the effects of the matter described in the “*Basis for Qualified Opinion on Regulatory Basis Accounting Principles*” paragraph, the financial statements referred to above, present fairly, in all material respects, the regulatory basis balances sheets and account group as of December 31, 2021, the regulatory basis statement of operations for the year then ended and the regulatory basis statements of revenues and expenditures for the year ended December 31, 2021 in accordance with the basis of financial reporting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township of Sparta’s ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Honorable Mayor and  
Members of the Township Council  
Page 3.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matters***

#### ***Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively

Honorable Mayor and  
Members of the Township Council  
Page 4.

comprise the Township of Sparta's basic financial statements. The supplementary information listed in the table of contents and the letter of comments and recommendations section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information listed in the table of contents is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The letter of comments and recommendations section has not been subject to the auditing procedures applied in the audit of the basic financial statements and accordingly, we do not express an opinion or any form of assurance thereon.

#### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated August 11, 2022 on our consideration of the Township of Sparta's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township of Sparta's internal control over financial reporting and compliance.

## TOWNSHIP OF SPARTA, N.J.

### NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2021 AND 2020

#### **NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB Codification establishes seven fund types and two account groups to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America (GAAP).

The financial statements of the Township of Sparta have been prepared in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township accounts for its financial transactions through the following separate funds which differ from the fund structure required by GAAP.

#### **A. Reporting Entity**

The Township of Sparta (the "Township") operates under a Mayor/Council form of government. The Township's major operations include public safety, road repair and maintenance, sanitation, fire protection, recreation and parks, health services, and general administrative services.

GASB has issued Statement No. 14 which requires the financial reporting entity to include both the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will be by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government.

However, the municipalities in the State of New Jersey do not prepare financial statements in accordance with GAAP and thus do not comply with all of the GASB pronouncements. The financial statements contained herein include only those boards, bodies, officers or commissions as required by NJS 40A:5-5. Accordingly, the financial statements of the Township do not include the operations of the Municipal Library, Volunteer Fire Department, and First Aid Squad which is considered a component unit under GAAP. Complete financial statements of the above components can be obtained by contacting the Treasurer of the respective entity.

The Township uses funds, as required by the Division, to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial administration by segregating transactions related to certain Township functions or activities. An account group, on the other hand, is designed to provide accountability for certain assets and liabilities that are not recorded in those Funds.

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**B. Measurement Focus, Basis of Accounting and Basis of Presentation**

The Township has the following funds and account groups:

Current Fund - This fund accounts for resources and expenditures for governmental operations of a general nature, including Federal and State grants.

Trust Funds - Trust Funds are used to account for assets held by the government in a trustee capacity. Funds held by the Township as an agent for individual, private organizations, or other governments are recorded in the Trust Funds.

Assessment Trust Fund - This fund deals with the handling of special assessment levies against property for the cost of an improvement. The whole or a part of which costs are levied against the property receiving the benefit.

Other Trust Fund - This fund is established to account for the assets and resources which are also held by the Township as a trustee or agent for individuals, private organizations, other governments and/or other funds.

Animal Control Trust Fund - This fund is used to account for fees collected from dog licenses and expenditures which are regulated by NJS 4:19-15.11.

General Capital Fund - This fund is used to account for the receipt and disbursement of funds used for acquisition or improvement of general capital facilities, other than those acquired in the Current Fund.

Water Operating and Water Capital Funds - Account for the operations and acquisition of capital facilities of the municipally owned water utility.

Sewer Operating and Sewer Capital Funds - Account for the operations and acquisition of capital facilities of the municipally owned sewer utility.

Solid Waste Operating Fund - Account for the operations of the Solid Waste Utility.

**B. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)**

**General Fixed Assets Account Group** - To account for all fixed assets of the Township. The Township's infrastructure is not reported in the group.

A modified accrual basis of accounting is followed by the Township of Sparta. Under this method of accounting revenues, except State/Federal Aid, are recognized when received and expenditures are recorded, when incurred. The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from accounting principles generally accepted in the United States of America (GAAP) applicable to local government units. The more significant differences are as follows:

**Property Tax Revenues** - Real property taxes are assessed locally, based upon the assessed value of the property. The tax bill includes a levy for Municipal, County and School purposes. The bills are mailed annually in June for that calendar year's levy. Taxes are payable in four quarterly installments on February 1, May 1, August 1, and November 1. The amounts of the first and second installments are determined as one quarter of the total tax levied against the property for the preceding year. The installment due the third and fourth quarters is determined by taking the current year levy less the amount previously charged for the first and second installments, with the remainder being divided equally. If unpaid on these dates, the amount due becomes delinquent and subject to interest at 8% per annum, or 18% on any delinquency amount in excess of \$1,500. The school levy is turned over to the Board of Education as expenditures are incurred, and the balance, if any, must be transferred as of June 30, of each fiscal year. County taxes are paid quarterly on February 15, May 15, August 15 and November 15, to the County by the Township. When unpaid taxes or any municipal lien, or part thereof, on real property, remain in arrears on the 11<sup>th</sup> day of the 11<sup>th</sup> month of the fiscal year levied, the collector in the municipality shall subject to the provisions of the New Jersey Statutes enforce the lien by placing the property on a tax sale. Annual in rem tax foreclosure proceedings are instituted to enforce the tax collection or acquisition of title to the property by the Township. In accordance with the accounting principles prescribed by the State of New Jersey, current and delinquent taxes are realized as revenue when collected. Since delinquent taxes and liens are fully reserved, no provision has been made to estimate that portion of the taxes receivable and tax title liens that are uncollectible. GAAP requires tax revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

**Miscellaneous Revenues** - Miscellaneous revenues are recognized on a cash basis. Receivables for the miscellaneous items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Township's Current Fund and Water Operating Fund. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

**Grant Revenues** - Federal and State grants, entitlements or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Township's budget. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**B. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)**

**Budgets and Budgetary Accounting**

An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures for the current fund and the water operating fund. Budget amounts presented in the accompanying financial statements represent amounts adopted by the Township and approved by the State Division of Local Government Services per N.J.S.A. 40-A:4 et seq.

The Township is not required to adopt budgets for the following funds:

General Capital Fund	Sewer Capital Fund
Animal Control Trust Fund	Solid Waste Capital Fund
Public Assistance Fund	Trust Fund
Water Capital Fund	

The governing body shall introduce and approve the annual budget not later than February 10, of the fiscal year. The budget shall be adopted not later than March 20, and prior to adoption must be certified by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The Director of the Division of Local Government Services, with the approval of the Local Finance Board may extend the introduction and approval and adoption dates of the municipal budget. The budget is prepared by fund, function, activity and line item (salary or other expense) and includes information on the previous year. The legal level of control for appropriations is exercised at the individual line item level for all operating budgets adopted. Emergency appropriations, those made after the adoption of the budget and determination of the tax rate, may be authorized by the governing body of the municipality. During the last two months of the fiscal year, the governing body may, by a 2/3 vote, amend the budget through line item transfers. Management has no authority to amend the budget without the approval of the Governing Body. Expenditures may not legally exceed budgeted appropriations at the line item level. During 2021, the Governing Body increased the original Sewer Operating Fund budget by \$600,000.00 for additional grants received by the Township in 2021. Also, several budget transfers were approved by the governing body.

Expenditures - Are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with an encumbrance accounting system. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements. Unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriations reserves unless canceled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

YEARS ENDED DECEMBER 31, 2021 AND 2020

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**B. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)**

Encumbrances - Contractual orders outstanding at December 31, are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves - Are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

Compensated Absences - Expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

Property Acquired for Taxes - Is recorded in the Current Fund at the assessed valuation when such property was acquired and fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at market value on the date of acquisition.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

Inventories - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets.

Cash and Investments - Cash includes amounts in demand deposits as well as short-term investments with a maturity date within one year of the date acquired by the government. Investments are stated at cost and are limited by N.J.S.A. 40A:5-15.1(a).

Deferred Charges to Future Taxation Funded and Unfunded - Upon the authorization of capital projects, the Township establishes deferred charges for the costs of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. According to N.J.S.A. 40A:2-4, the Township may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Township raises the debt requirements for that particular year in the current budget. As the funds are raised by taxation, the deferred charges are reduced.

**Comparative Data** - Comparative data for the prior year has been presented in the accompanying balance sheets and statements of operations in order to provide an understanding of changes in the Township's financial position and operations. However, comparative data have not been presented in all statements and notes to financial statements because their inclusion would make certain statements and notes to financial statements unduly complex and difficult to understand.

**Use of Estimates** - The preparation of financial statements requires management of the Township to make estimates and assumptions that affect the reported amounts of assets/and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

**General Fixed Assets** - The Township of Sparta has developed a fixed asset accounting and reporting system, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles.

Fixed Assets used in Governmental Operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain (infrastructure) general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated cost if actual historical cost is not available.

No depreciation has been provided for in the financial statements.

Expenditures for construction in progress are recorded in the Capital funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

GAAP requires that all fixed assets be capitalized at historical cost if actual historical cost is not available.

**C. Basic Financial Statements**

The GASB Codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The Township presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

**NOTE 2: BUDGETARY INFORMATION**

Under New Jersey Statutes, the annual budget is required to be a balanced cash basis document. To accomplish this, the municipality is required to establish a reserve for uncollected taxes. The 2021 statutory budget included a reserve for uncollected taxes in the amount of \$2,945,066.44. To balance the budget, the municipality is required to show a budgeted fund balance. The amount of fund balance budgeted to balance the 2021 statutory budget was \$3,960,000.00.

**NOTE 2: BUDGETARY INFORMATION (CONTINUED)**

Inter department budget transfers are not permitted prior to November 1. After November 1, budget transfers can be made in the form of a resolution and approved by the Mayor and Council.

N.J.S.A. 40A:4-87 permits special items of revenue and appropriations to be inserted into the annual budget when the item has been made available by any public or private funding source and the item was not determined at the time of budget adoption. During 2021, there was one item of special revenue and appropriation inserted into the budget, Local Fiscal Recovery Funds - ARP, \$600,000.00.

The municipality may make emergency appropriations, after the adoption of the budget, for a purpose which was not foreseen at the time the budget was adopted or for which adequate provision was not made therein. This type of appropriation shall be made to meet a pressing need for public expenditure to protect or promote the public health, safety, morals or welfare or to provide temporary housing or public assistance prior to the next succeeding fiscal year. Emergency appropriations, except those classified as a special emergency, must be raised in the budgets of the succeeding year. Special emergency appropriations are permitted to be raised in the budgets of the succeeding three or five years. During 2021, there were no emergency authorizations approved.

**NOTE 5: BOND ANTICIPATION NOTES**

The Township issued bond anticipation notes to temporarily fund various capital projects prior to the issuance of serial bonds. The term of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. Generally, such notes must be paid no later than the first day of the fifth month following the close of the tenth fiscal year following the date of the original notes. The State of New Jersey also prescribes that on or before the third anniversary date of the original note a payment of an amount at least equal to the first legally payable installment of the bonds in anticipation of such notes issued be paid or retired. A second and third legal installment must be paid if the notes are to be renewed beyond the fourth and fifth anniversary date of the original issuance.

**NOTE 7: ACCRUED VACATION AND SICK BENEFITS**

The Township allows employees to accrue an unlimited amount of unused vacation and sick pay, which may be taken as time off. However, it is expected that the cost of such unpaid compensation would be included in the Township budget operating expenditures in the year in which it is used. It is estimated that the current cost of such unpaid compensation would approximate \$4,283,674.89. However, if the employee retired or separated from the municipality the amount of such unpaid amount would be \$1,663,135.58

The amount is not reported either as an expenditure or a liability. The Township has reserved \$280,986.00 from previous budgets to be used to offset this liability and is reflected on the Trust Fund balance sheet. See Exhibit B-11 for an analysis. It is expected that any remaining cost of such unpaid compensation would be included in the Township's budget operating expenditures in the year in which it is used.

**NOTE 8: DUE TO/FROM OTHER FUNDS**

Balances due to/from other funds at December 31, 2021 consist of the following:

\$483,014.60 Due to Federal and State Grant Fund from Current Fund for receipts and disbursements made from Current Fund for the Federal and State Grant Fund.

2,281.89 Due from Current Fund to Other Trust Fund for prior year Open Space added and omitted taxes.

\$485,296.49

It is anticipated that all interfunds will be liquidated during the calendar year.

Defined Contribution Retirement Program

Prudential Financial jointly administers the DCRP investments with the NJ Division of Pensions and Benefits. If an employee is ineligible to enroll in the PERS or PFRS, the employee may be eligible to enroll in the DCRP. DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting is immediate upon enrollment for members of the DCRP.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the DCRP. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625-0295.

Employers are required to contribute at an actuarially determined rate. Employee contributions are based on percentages of 5.50% for DCRP of employees' annual compensation, as defined. The DCRP was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and expanded under the provisions of Chapter 89, P.L. 2008. Employee contributions for DCRP are matched by a 3% employer contribution.

Contribution Requirements

The contribution policy is set by laws of the State of New Jersey and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The pension funds provide for employee contributions based on 5.5% for PERS. This amount will increase to 6.5% plus an additional 1% phased in over 7 years beginning 2012 and 8.5% for PFRS, which increased to 10% in October 2011, of the employee's annual compensation, as defined by law. Employers are required to contribute at an actuarially determined rate in all Funds. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the PERS and PFRS. In the PERS and PFRS, the employer contribution includes funding for post-retirement medical premiums.

The Township's contribution to the various plans, equal to the required contributions for each year, were as follows:

**Public Employees Retirement System (PERS)**

At December 31, 2021, the Township had a liability of \$8,022,703 for its proportionate share of the PERS net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Township's proportion of the net pension liability was based on a projection of the Township's long-term share of contributions to the pension plan relative to the projected contributions of all participating governmental entities, actuarially determined. At June 30, 2021, the Township's proportion was 0.0677221426 percent, which was an increase/(decrease) of 0.0006260876 percent from its proportion measured as of June 30, 2020.

For the year ended December 31, 2021, the Township recognized pension expense of \$759,103.66. At December 31, 2021, deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

Thereafter	3.00-7.00% (based on years of service)

---------------------------	-------

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

**Mortality Rates**

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and a 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

**Long-Term Rate of Return**

In accordance with State statute, the long-term expected rate of return on plan investments 7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense

and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2021 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>

**Discount Rate**

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

**Mortality Rates (continued)**

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2013 to June 30, 2019.

**Long-Term Rate of Return**

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PFRS's target asset allocation as of June 30, 2021 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
U.S. Equity	27.00%	7.71%

**Discount Rate**

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

**Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate**

The following presents the collective net pension liability of the participating employers as of June 30, 2020, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1- percentage point lower or 1 percentage-point higher than the current rate:

	June 30, 2021		
	1%	At Current	1%
	Decrease	Discount Rate	Increase
	<u>6.00%</u>	<u>7.00%</u>	<u>8.00%</u>
Township's proportionate share of the pension liability	\$21,052,999	\$13,704,843	\$11,495,145

***Special Funding Situations - PFRS***

Under N.J.S.A.43:16A-15, the Township is responsible for their own PFRS contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State to make contributions if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, p.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the Township by the State under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Accordingly, the Township's proportionate share percentage of the net pension liability, deferred outflows and inflows determined under GASB Statement No. 68 is zero percent and the State's proportionate share is 100% for PFRS under this legislation.

***Special Funding Situations - PFRS* (continued)**

At December 31, 2021 and 2020, the State proportionate share of the net pension liability attributable to the Township for the PFRS special funding situation is \$2,126,929 and \$2,126,929, respectively. For the years ended December 31, 2021 and 2020, the pension system has determined the State proportionate share of the pension expense attributable to the Township for the PFRS special funding situation is \$241,045 and \$241,045, respectively, which is more than the actual contributions the State made on behalf of the Township of \$163,666 and \$163,666, respectively. The State's proportionate share attributable to the Township was developed based on actual contributions made to PFRS allocated to employers based upon covered payroll. These on-behalf contributions have not been reported on the Township's financial statements.

**Pension Plan Fiduciary Net Position**

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey, Department of the Treasury, Division of Pension and Benefits. **NOTE 11: CASH, CASH EQUIVALENTS AND INVESTMENTS**

**Cash**

**Custodial Credit Risk - Deposits**

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Township's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 40A:5-15.1(a) that are treated as cash equivalents. As of December 31, 2021, \$373,079.74 of the Township's bank balance of \$30,909,435.37 was exposed to custodial credit risk. In comparison, as of December 31, 2020, \$304,177.78 of the Township's bank balance of \$32,383,632.06 was exposed to custodial credit risk.

**Investments**

**Investment Rate Risk**

The Township does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 40A:5-15.1(a) limits the length of time for most investments to 397 days.

**Credit Risk**

New Jersey Statutes 40A:5-15.1(a) limits municipal investments to those specified in the Statutes. The type of allowance investments are Bonds of the United States of America, bonds or other obligations of the Townships or bonds or other obligations of the local unit or units within which the Township is located: obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

**Concentration of Credit Risk**

The Township places no limit on the amount the Township may invest in any one issuer.

Unaudited Investments

As more fully described in Note 16, the Township has created a Length of Service Award Program (LOSAP) for emergency service volunteers. The LOSAP investments are similar to those allowed in a deferred compensation program as specified in NJSA 43:15B-1 et seq. except that all investments are retained in the name of the Township. All investments are valued at fair value. In accordance with NJAC 5:30-14.37, the investments are maintained by Variable Annuity Life Insurance Co., which is an authorized provider approved by the Division of Local Government Services. The balance in the account on December 31, 2021 and 2020 amounted to \$373,079.74 and \$304,177.78 respectively.

**NOTE 12: RISK MANAGEMENT**

The Township is exposed to various risks of loss related to general liability, automobile coverage, damage and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Township has obtained insurance coverage to guard against these events which will provide minimum exposure to the Township should they occur. During the 2020 calendar year, the Township did not incur claims in excess of their coverage and the amount of coverage did not significantly decrease.

**New Jersey Unemployment Compensation Insurance** - The Township has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Township is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Township is billed quarterly for amounts due to the State. The following is a summary of Township contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the Township's expendable trust fund for the current and previous two years:

On November 9, 2010, the Division of Local Government Services approved the Township's LOSAP plan, provided by Lincoln Financial. The purpose of this plan is to enhance the Township's ability to retain and recruit volunteer firefighters and volunteer members of emergency service squads.

Lincoln Financial will provide for the benefit of participants, a multi-fund variable annuity contract as its funding vehicle. The plan's contribution requirements are as follows: the contribution for each participating active volunteer member shall be between the minimum contribution of \$115.00 and the maximum contribution of \$1,150.00. The Township's contribution shall be included in the current year's budget.

All amounts awarded under a length of service award plan shall remain the asset of the sponsoring agency; the obligation of the sponsoring agency to participating volunteers shall be contractual only; and no preferred or special interest in the awards made shall accrue to such participants. Such money shall be subject to the claims of the sponsoring agency's general creditors until distributed to any or all participants.

We have reviewed the plan for the year ended December 31, 2021 in accordance with the American Institute of Certified Public Accountants (AICPA) Statement on Standards for Accounting and Review Services.

**NOTE 16: OTHER POST EMPLOYMENT BENEFITS (OPEB)**

**PLAN OVERVIEW**

Township of Sparta (“Sparta”) provides post-employment benefits other than pensions (“OPEB”) to employees who meet certain criteria. As a result of offering such benefits, Sparta will be required to report the value of such benefits and the associated costs according to the accounting requirements of Governmental Accounting Standards Board Statement No. 75 (“GASB 75”).

Sparta provides medical benefits to retirees who retired from Sparta with 20 years of service for Police and 25 years of service for others.

The summary below presents the results of the actuarial valuation of the post-retirement medical obligations as of December 31, 2020, including a determination of financial reporting information for the year ending December 31, 2021.

Contributions to pay for the health premiums of participating retirees in the MRHIF are billed to the Township of Sparta on a monthly basis. Funds for retiree health premiums are raised each year in the municipality via property taxes. There is no cost sharing policies that the current retirees contribute.

**Results of Valuation**

• *Total OPEB Liability and Net OPEB Liability*

The Total OPEB Liability (“TOL”) is the actuarial accrued liability. The Net OPEB Liability (“NOL”) is the TOL less the Fiduciary Net Position (assets). Since there are no plan assets to offset the liability, the two are equal.

Total OPEB Liability Active	\$ 43,067,496.00
Total OPEB Liability Retired	\$ 57,774,693.00
Total OPEB Liability	\$ 100,842,189.00
Plan Fiduciary Net Position	\$ 0.00
Net OPEB Liability	\$ 100,842,189.00
Net Position/OPEB Liability	0.00%

• *Total OPEB Expense*

The Total OPEB Expense (“TOE”) is the measure of annual cost based on the actuarial funding method utilized. It is comprised of the “Service Cost” (aka “normal cost”) which is the portion of future liabilities attributable to the measurement year, plus the recognized portion of the experience gain or loss, and interest on the NOL during the year.

The TOE as of December 31, 2020 is \$5,104,474.00 based upon a discount rate of 2.12% per annum and the plan provisions in effect on December 31, 2021.

• *Impact of 1% Change in Discount Rate*

Actuarial measurements are sensitive to changes in actuarial assumptions and where actual experience differs from assumptions. If the discount rate were to increase by 1.00% per annum, the TOL as of December 31, 2021 would decrease to \$90,523,292.00 and if it were to decrease by 1.00%, the TOL would increase to \$113,690,521.00.

• *Impact of 1% Change in Trend Rate*

Actuarial measurements are sensitive to changes in actuarial assumptions and where actual experience differs from assumptions. If medical trend were to increase by 1.00% per annum, the TOL as of December 31, 2021 would increase to \$115,977,387.00 and if it were to decrease by 1.00%, the TOL would decrease to \$88,800,508.00.

##### **Basis of Valuation**

This valuation has been conducted as of December 31, 2020 based upon census, plan design and financial information provided by the Fund. Census includes 85 retirees and dependents currently receiving retiree benefits, and 95 active participants of whom 9 are eligible to retire as of the valuation date. The average age of the active population is 44 and the average age of the retiree population is 64.

Actuarial assumptions were selected with the intention of satisfying the requirements of New Jersey Local Finance Notice 2007-15 in addition to Statement of Government Accounting Standard Number 75.

Demographic assumptions were selected based on those used in the State Division of Pensions and Benefits in calculation pension benefits taken from the July 1, 2020 report from Conduent. While some assumptions were simplified to reflect the smaller population, and to simplify the valuation process, the valuation results reasonably conform to the requirements of LFN 2007-15.

Health care (economic) assumptions were selected based on those used by the State Health Benefits Program in calculating SHBP member OPEB requirements taken from the July 1, 2020 report from Aon Consultants.

**NOTE 16: OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)**

- Attribution period - The attribution period begins with the date of hire and ends with full benefits eligibility date.
- Per capita cost methods - The valuation reflects per capita net premium costs based on actual 2020 medical prescription drug and dental premiums and the plan option selected. The age specific cost was derived based on per person costs at the average age of the active population (44) and scaled to each age based on the medical cost aging factors to age 65. At age 65, Medicare becomes the primary payer of medical benefits and consequentially, per capita plan costs are offset by Medicare payments. Thus, post 65 costs were decreased using the assumption that Medicare picks up 66.7% of the medical costs.
- Retiree contribution - NJ Chapter 78 requires that certain future retirees contribute toward the cost of their benefits. Specifically, those who had retired prior to passage of Chapter 78 and those employees that had more than 25 years of service on the date of passage are grandfathered. All others are subject to the contribution rates in effect when they retire, but not less than 1.5% of their annual retirement allowance from the Public Employees Retirement System. For purposes of this valuation and for conservation, we have assumed that future retiree contributions percentage rates will not increase. Thus, we assumed that a future retiree will contribute his/her current employee contribution as reported by the Township increased annually by the rate of medical trend.
- Actuarial valuation method - Entry Age Normal Funding Method based on a level percentage of salary. 2020 salaries were reported as \$7.986 million.

**Special Funding Situation PFRS**

In addition to the pension described in Note 9, the Township does not provide post employment health care benefits as part of the State Health Benefits Local Government Retired Employments Plan. However, benefits are provided as describe below:

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80 percent of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under chapter 271, P.L. 1989.

Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No, 75 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan, there is no net OPEB liability, deferred inflows of resources or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation.

**NOTE 18: OTHER MATTERS**

On March 9, 2020, Governor Phil Murphy signed Executive Order No. 103 that declared a State of Emergency and Public Health Emergency across all 21 counties in New Jersey in response to address the novel coronavirus (COVID-19) outbreak. At the time of this report, the State of Emergency and Public Health Emergency remains in effect. In efforts to reduce the spread of the virus, many companies and organizations have either reduced staff or closed down, thus creating a potential financial dilemma among many of the taxpayers of the Township of Sparta, N.J. The Township has identified several risks as a result of this pandemic, including possible delays in the collection of real estate taxes and sewer rents, revenue shortfalls in general permit revenue and cash flow shortages as a result of these delayed collections and increased health emergency costs. During 2021, the Borough received reimbursement of health emergency costs associated with the pandemic from FEMA and/or the Federal CARES Act funding provided to the State or County Governments.

This plan, among other things, provides direct federal funding to aid county and municipal governments to help offset revenue losses, cover increased costs incurred during the coronavirus pandemic response and to make necessary investments in water, sewer or broadband infrastructure. The amount of federal aid available to the Township of Sparta is \$1,944,218.40 which will be available for use until December 31, 2024. This amount will be distributed to the Borough in two installments. The first installment of \$972,109.20 was received in July 2021 and the second installment of \$972,109.20 was received in July 2022.

<b><u>Tax Rate</u></b>	<u>3.348</u>	<u>3.400</u>	<u>3.312</u>

2020		3,001,513,200
2019		2,988,275,100

## **COMPARISON OF TAX LEVIES AND COLLECTION CURRENTLY**

A study of this tabulation could indicate a possible trend in future tax levies. A decrease in the percentage of current collection could be an indication of a probable increase in future tax levies.

<u>Year</u>	<u>Tax Levy</u>	<u>Cash Collections</u>	<u>Percentage of Collection</u>
2021	\$102,567,776.43	\$101,291,943.59	98.76%
2020	103,644,811.49	101,718,636.05	98.14%
2019	99,220,180.98	97,377,507.13	98.14%

Also, increases in future tax levies can also be warranted if revenue sources outside of those directly generated by the municipality, such as federal or state aid, should decline without corresponding decrease in budgeted expenditures.

## **DELINQUENT TAXES AND TAX TITLE LIENS**

This tabulation includes a comparison, expressed in percentage, of the total of delinquent taxes and tax title liens, in relation to the tax levies of the last three years.

<u>Dec 31, Year</u>	<u>Amount of Delinquent Taxes</u>	<u>Tax Title Liens</u>	<u>Total Delinquent</u>	<u>Percentage of Tax Levy</u>

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Mayor and  
Members of the Township Council  
Township of Sparta  
Sparta, NJ 07871

We have audited, in accordance with auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements-regulatory basis of the Township of Sparta in the County of Sussex as of and for the year ended December 31, 2021 and the related notes to the financial statements, and have issued our report thereon dated August 11, 2022, which was adverse due to being presented in accordance with New Jersey regulatory basis of accounting. The regulatory basis opinion was qualified for the Length of Services Award Program not being audited.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements-regulatory basis, we considered the Township of Sparta's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements-regulatory basis, but not for the purpose of expressing an opinion on the effectiveness of the Township of Sparta's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township of Sparta's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A

Honorable Mayor and  
Members of the Township Council  
Page 2

*significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Township of Sparta's financial statements-regulatory basis are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

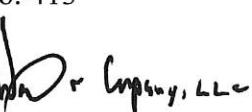

However, we noted certain immaterial instances of noncompliance that we have reported to the management of the Township of Sparta in the accompanying comments and recommendations section of this report.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township of Sparta internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township of Sparta internal controls and compliance. Accordingly, this communication is not suitable for any other purpose.

## **GENERAL COMMENTS**

### **Cash Balances**

Cash balances in all funds were verified by independent certificates obtained from the depositories as of December 31, 2021, and at August 11, 2022, in connection with the supplemental reconciliations made for all officials. Cash on hand was counted on that date.

### **Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4**

N.J.S. 40A:11-3 states:

- a. "When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution, as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L. 1971, c.198 (C.40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.
- b. Any contracts made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to subparagraph (i) of paragraph (a) of subsection (1) of section 5 of P.L. 1971, c.198 (C.40A:11-5) may be awarded for a period not exceeding 12 consecutive months. The Division of Local Government Services shall adopt and promulgate rules and regulations concerning the methods of accounting for all contracts that do not coincide with the contracting unit's fiscal year.
- c. The Governor, in consultation with the Department of the Treasury, shall, no later than March 1 of every fifth year beginning in the fifth year after the year in which P.L. 1999, c.440 takes effect, adjust the threshold amount and the higher threshold amount which the governing body is permitted to establish, as set forth in subsection a. of this section, or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in section 2 of P.L. 1971, c.198 (C.40A:11-2), and shall round the adjustment to the nearest \$1,000. The Governor shall, no later than June 1 of every fifth year, notify each governing body of the adjustment. That adjustment shall become effective on July 1 of the year in which it is made."

N.J.S. 40A:11-4 states: "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsection b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

## **GENERAL COMMENTS (CONTINUED)**

### **Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4 (continued)**

Effective July 1, 2015, the bid threshold in accordance with N.J.S.A. 40A:11-3 and 40A:11-4 (as amended) is \$17,500.00 and with a qualified purchasing agent the threshold may be up to \$40,000.00. On July 1, 2020 the amount with a qualified purchasing agent was increased to \$44,000.00.

The Governing Body of the Township of Sparta have the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year and where question arises as to whether any contract or agreement might result in violation of the statute, the Township Attorney's opinion should be sought before a commitment is made.

The minutes indicated the bids were requested by public advertising per N.J.S.A. 40A:11-4. The minutes also indicated that resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 40A:11-5.

Inasmuch as the system of records did not provide for the accumulation of payments for categories for the performance of any work or the furnishing or hiring of any material or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violation existed. None were noted.

Our review of the Township's minutes indicated that resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 40A:11-5.

Our examination of expenditures did not reveal any individual payments, contracts or agreements in excess of the statutory threshold "for the performance of any work or the furnishing or hiring of any materials or supplies," other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S.A. 40A:11-6.

The Township is a member of the Morris County and Sussex County Co-op Pricing Council.

### **Collection of Interest on Delinquent Taxes and Assessments**

R.S. 54:4-67 provides the method for authorizing interest and the maximum rate to be charged for the nonpayment of taxes or assessments on or before the date they would become delinquent.

The governing body on January 5, 2021 adopted the following resolution authorizing interest to be charged on delinquent taxes and assessments.

BE IT RESOLVED by the Township Council of the Township of Sparta, County of Sussex, that:

1. The rate of interest to be charged by the Tax Collector on delinquent taxes and assessments are fixed at the rate of eight (8) per cent per annum on the first \$1,500.00 of the delinquency, to remain in full force until January 1, 2021.
