Body Worn Cameras in Use Chief Jeffrey McCarrick

The Sparta Township Police Department equips each of its uniformed police officers with a body worn camera. Body-worn cameras are a valuable asset intended to document evidence and witness/suspect statements, improve Officer training and performance, prevent and resolve citizen complaints and strengthen accountability and public trust. Good police work will benefit from such recordings and any improper police work will be discovered before it becomes a larger problem.

All personnel (sworn and civilian) shall use this equipment (including accessing recordings) consistent with manufacturer's guidelines, this SOP, and those policies or guidelines issued by the New Jersey Attorney General and Sussex County Prosecutor's Office. Failure to use this technology in accordance with this SOP and those policies or guidelines issued by the New Jersey Attorney General and Sussex County Prosecutor's Office can result in discipline.
